

Climate Smart Plan for Alunir

Source	Carbon footprint	Plan
Silver & Gemstones	9.47 tCO ₂ e	Offset by tree planting
Stainless steel	0.02 tCO ₂ e	Offset by tree planting
Plastic	0.48 tCO ₂ e	Offset by tree planting
Textile	0.41 tCO ₂ e	Offset by tree planting
Paper	0.09 tCO ₂ e	Offset by tree planting
Cardboard	0.09 tCO ₂ e	Offset by tree planting
Straw bags	0.00 tCO ₂ e	Less than 0.001
Swiss post	0.00 tCO ₂ e	Compensated by swiss post
Car	0.81 tCO ₂ e	Offset by tree planting
Train	0.69 tCO ₂ e	Offset by tree planting
Energy	0.00 tCO ₂ e	Carbon neutral options
Heating oil	1.50 tCO ₂ e	Offset by tree planting

Alunir's annual carbon footprint and amount to offset for 2021 is approximately 13,59 t CO₂e.

In order to compensate for the emissions we will plant 59 trees in the Planet Loves Trees projects in Tanzania and Burundi. Risks and overcompensating are included in the calculations. Thank you for partnering with Planet Loves Trees and taking action to reverse climate change. Together we can change the world, tree by tree.
